DISEASES OF HORSES.

The Causes of Numerous Diseases and Disagreeable Habits of Horses.

Horses having diseased teeth are hard to keep up in condition, and if poor, it is impossible to fatten them. More horses are blind from diseased, sharp edged and irregular molars than from all other causes. Improper mastication of food produces indigestion, indigestion produces hide-bound, swollen limbs, starving, or dead like coat of hair, and loss of appetite. Their teeth being in irregu-shape, and having sharp edges causes drooling, stopping short, starting suddenly, frothing, slobbering, and especially driving on one rein, and pulling. All these disagreeable habits and primary tension to disease can be remedied by Dr. Wm. F. Myers, Veterinary Surgeon and Dentist, who will be pleased to see you, explain matters more fully, and relieve your equine pets from their sufferings by his special operation on them. Office and infirmary, 12 and 14 Webster street, Fort Wayne, Ind. 5-6t

WANT THEIR PAY.

The Lumber Men in Michigan Threaten Violence if They do Not Get Their Wages.

SAULT STE MARIE, Mich., April 5.—Marks, Dabie & Co., of Theesalon, Ontario, a small town on the St. Mary's river, are in financial trouble. Acting as disbursing agents for big timber contractors, they have failed to pay the men in the woods for their winter's work. The lumbermen to the number of 200 have come in from the camps and threaten violence. The general supply store of Marks, Dabie & Co. is closed and the senior member of the firm has locked himself in.

A BIG INDUSTRY.

A Wisconsin Town Can Get it by Paying $1,000,000.

ASHLAND, Wis., April 4.—James E. York made a proposition to the Ashland business men's association for the erection of a mammoth structural steel plant to employ 1,200 men, and cost not less than one million dollars. This plant, it is said, would be of such proportions that dozens of important industries connected with it and necessary to supply it with materials of various kinds, would immediately be grouped there. Mr. York's terms are that a suitable site and a bonus of $1,000,000 be given to the projectors, who are wealthy eastern capitalists, after the plant shall be in successful operation.

NUMBER TWO.

Burglar Identified as a Murderer and Taken to Huntington for Trial.

MARION, Ind., April 5.—J. A. Rosebrough, marshal of Huntington, came here and identified a prisoner, who gave the name of George Smith, as George Delvin, who is wanted at Huntington for murder, in connection with Shamus O'Brien, who was caught in Wisconsin, the other day.

Fires.

CHICAGO, April 5.—At 2 o'clock this morning fire was discovered in Swift & Co.'s lard refining and butterine factory. Considerable damage was done to the stock and the loss is estimated between $40,000 and $50,000.

TIFFIN, Ohio, April 3.—A destructive fire visited Attica this morning, consuming $25,000 worth of property with about one-third insurance. The fire originated in the poker room of Meyer's saloon, and destroyed a dozen other business buildings, among which was the Attica *Journal* office building.

The Returning Ball Players.

NEW YORK, April 5.—The Globe Troubabors base ball club arrived today from Europe, and will be given an ovation this evening. There will be a banquet tendered them Monday night, which will be princely in all its details. Two hundred and fifty persons will be present, and among the speakers will be Mayor Grant, Dewitt Ray, Governor Hill, Governor Buckley, of Connecticut, Chauncey M. DePew, Mark Twain, Mr. Howland, DeWolf Hopper and Daniel Dougherty.

They all Want Office.

TOPEKA, Kan., April 5.—Governor Humphrey received by telegraph yesterday, Thomas Ryan's resignation as a member of congress from the Fourth congressional district, Mr. Ryan having been appointed minister to Mexico. A special election will be called at once. There are already eighteen candidates for the vacancy. The district is republican.

Bank Robbery.

WATERLOO, Iowa, April 5.—At 3 o'clock yesterday morning the Citizens' bank, at Dows, Wright county, was entered by burglars, who blew the safe open and secured the funds, amounting to about $1,300. They then stole a horse and buggy and started in a westerly direction. No clew.

Henry M. Stanley.

BRUSSELLS, April 5.—The report of Stanley's march is generally believed in official circles here, but surprise is expressed that Emin Bey should have abandoned the lake provinces. The 6,000 tusks of ivory which the explorers are reported to have with them are valued at 3,000,000 francs.

Mere Gas at Hartford City.

HARTFORD, Ind., April 5.—Yesterday the drillers in the gas well at Steele rolling mill, at a depth of 953 feet, struck an immense flow of gas. The machinery will soon be placed in position and the mill in active operation, employing about three hundred men.

Rochester Strike.

ROCHESTER, N. Y., April 5.—At 8 o'clock this morning cars began running on three routes the same as yesterday.

RAIDED AGAIN.

Huntertown Ransacked by Burglars and a Big Haul Reported.

Huntertown, a village north on the Grand Rapids road, in this county, was again visited by burglars last night.

After the villagers retired, two men, who were seen about the streets in the evening, broke into a half dozen houses, and made a fat haul.

They forced the door of the Grand Rapids baggage room, and opened six trunks, taking a suit of clothes and other valuables.

From the village barber they stole ten razors, and from the minister some cash and clothing.

Reuben Cone, the merchant, was one of the victims, but Ketcham, the barber, was severely touched.

The clothes stolen from the Grand Rapids baggage room belonged to a minister at the Lagrange conference, and cost him $45.

Sheriff Viberg arrested twelve tramps and vagrants this morning, but discovered no trace of the stolen goods.

Altogether, six or seven houses were visited, and the thieves got away with their booty before the robberies were discovered.

The officers have descriptions of the men, and are on watch.

A SCHOOL HOUSE

Is Saved By Heroic Work of the Firemen.

About 9 o'clock last night a fire broke out in the Bloomingdale public school, a handsome building.

The blaze seemed to have started in some closets in the west side from a cause unknown, and spread rapidly, going into the attic and up the cupola, and along the roof timbers.

The firemen did heroic work and saved the building from total destruction.

The damage will reach $700 and is fully covered by insurance.

Dr. Irwin dismissed the pupils this morning, and will at once proceed to prepare the school for occupancy. It will not be closed a week.

SEEKING A CHERUB.

Mary Whiteman Sues for the Recovery of Her Child.

In the circuit court, this morning, Mary Whiteman filed habeas corpus proceedings seeking to recover her child, which, she alleges, is forcibly detained by Henry Whiteman, at the Hyer house, in this city.

The case comes from New York state, where Whiteman first possessed himself of the babe, now three and a half years of age. The Hyer house people are made parties to the proceeding and Mrs. Whiteman alleges that none of the defendants can properly rear the little one, who is called Pliny Whiteman.

DOES IT MEAN WAR?

A Discordant Note Sounded That May Mean a Conflict Among European Powers.

LONDON, April 5.—A discordant note has been sounded from one of the Balkan states and careful students of European politics profess to see in it the possibilities of an European war that would bring Russia and the triple alliance into the field against each other and involve one or more of the smaller powers.

The resignation of the Roumanian ministry has a significance that is of great importance in regard to the possible war. The reason of their resignation is that they do not approve the act of King Charles in proclaiming his nephew, Prince Ferdinand, his heir.

Russia spoke some days ago and condemned the king's action, and as the Roumanian ministry are Russophites to a man they have obediently followed their Russian master's lead and command. After a proper time has been given for the resinding of the obnoxious proclamation, the threat that Russia uttered after Milan's abdication, Servia politicans believed to be no idle one, and many think that the northern bear is now making ready to put into effect the words. Alexander was the first to go, Milan, of Servia, second, and Charles, of Roumania, will come next.

BRUSSELS, April 5.—General Boulanger has been persuaded by Count Dillon and M. Rochefort to with-hold the manifesto he meditated sending to his followers in France, and the electoral campaign has been suspended.

PARIS, April 5.—The action of the chamber of deputies yesterday in voting for the prosecution of General Boulanger is viewed as the death blow to himself and followers by the opportunist and radical press. The government will prosecute Henri Rocheforte and Count Dillon for their connection with the Boulangist party.

CAPTAIN LORD.

A Sailor at Lake Maxinkuckee Drowns Himself.

PLYMOUTH, Ind., April 5.—Capt. Ralph K. Lord, of Marmont, Ind., the well-known captain of the steamer, Iron Clad, on Lake Maxinkuckee, committed suicide at the lake. He tied a heavy anchor to one leg and leaped overboard to a watery grave. The body was recovered. Domestic trouble and finan cial embarrassment were the causes. Only a week ago he was tried on a charge of insanity and discharged.

WHAT KNOX.

Hon. R. C. Bell Sends a Batch of Rascals to Prison.

Hon. R. C. Bell returned from Knox, Ind., to-day, having been engaged since Tuesday as counsel for the company to prosecute the gang of outlaws who have prosecuted wholesale robberies on the Nickel Plate road.

There were six prisoners in the dock when court opened Tuesday last, and at sundown last evening, every one of the sextet had been sent to prison for terms of one year each.

The names of the prisoners are Peter Harliss, Charles Kring, Peter and William Harman, August Newman and James Kriniger.

Mr. Bell is pretty well pleased with his week's work.

A CLEVER SWINDLER.

Mr. Will McKinnie Loses $243 on a Rascal Named Martin Rice.

Some days ago a stranger registered at the Wayne hotel as "Martin Rice, New York."

He represent d himself as traveling salesman for Reinhardt & Bro., New York, and the second day of his stay presented a draft for $243, asking Mr. McKinnie to endorse it.

The paper looked regular and without much hesitation Mr. McKinnie put his name on it.

The draft was promptly cashed by one of the local banks and Rice left with his roll.

Imagine Mr. McKinnie's surprise when the draft went to protest at New York as a forgery and was returned to him yesterday for settlement.

Of course Mr. McKinnie must loose the amount until the rascal Rice is discovered, and to this end Mr. McKinnie will spare no pains.

Captain Diehl is now working on the case.

Philo Remington Dead.

SILVER SPRINGS, Fla., April 5.—Philo Remington, senior partner of the rifle manufacturing firm of Remington & Sons, died here yesterday, at the age of seventy-three years.

A BAD MAN.

Herr Kruse, an Emigrant, Offers to Kill and Carve.

Annie Kocher, Herr Kruse and Frank Clark were fined for drunkenness this morning, by the mayor.

Kruse adds sensational features to the case.

At the Freese saloon and grocery, on Fairfield avenue, last night he threatened to kill everybody in sight until Officer Wahrenburg put irons on him.

The fellow was armed with a shot gun and huge knife and threatened the life of Fred Freese, who had the fellow pulled out of jail again this afternoon on a charge of assault with intent to kill.

He will be held to await the action of the grand jury.

Kruse comes from a bad stock, his brother, Bill Kruse, having been in prison.

LOCAL LINES.

Seats can now be secured for "Fantasma" and Pete Baker.

Judge Chapin held a brief session of the superior court to-day.

Mr. N. Strauss, of Warsaw, is the guest of Mr. Isaac Lauferty.

Rt. Rev. Bishop Dwenger returned from Notre Dame yesterday.

Pete Baker presents "The Emigrant" at the Temple to-morrow evening.

"The Emigrant" is said to be the finest costumed play on the boards.

Dr. H. G. Stemen, of Delphos, O., is in the city, the guest of Dr. A. J. Kesler.

"Fantasma," from all indications, will pack the Temple for three nights next week.

The closing examinations in the public schools will begin in about two weeks.

There will be no service at the Hebrew temple this evening or to-morrow morning.

Mr. J. Shaw Stevens, chief train dispatcher of the Wabash, was in the city last evening.

Rev. J. E. Gilbert, D. D., arrived in the city this afternoon to lead the county Sunday school convention to-night.

A good chance for some young man: The City Y. M. C. A. will give a one year's membership ticket to the one that will bring in the most members by the 1st of June.

Jack Shehan and Kate Smalley were arrested last night, on suspicion that their love was illicit. Mrs. Smalley protested her innocence, but she was hunting bail at last accounts.

The Reverend Father Eberschweiler, a Jesuit missionary from Buffalo, N. Y., is preaching a series of sermons at St. Mary's church in connection with the "Forty Hour Devotions." He preaches to-night and to-morrow forenoon and evening.

In the case of Mrs. Sullivan, administrator, vs. the Pennsylvania company, the jury at Plymouth rendered a verdict of $3,000 against the company. This was for the killing of the husband of the plaintiff by an accident more than two years ago.

There is a good deal of speculation as to how trade would follow the Fruit House to its new location. "Our business is larger than ever," said Hon. J. B. White, in reply to the inquiry, "and the purchases exceed any similar time in the history of the house. It is simply phenomenal and I am highly pleased."

President W. O. Hughart, of the Grand Rapids and Indiana road, came up from his winter resort in Florida on a special train last night. He was met at Richmond, Ind., by Vice President Shelby and J. H. P. Hughart, where the annual meeting of the "Richmond road" was held. This road is that part of the Grand Rapids road between this city and Richmond, and is held by the company on a ninety-nine year lease. This annual meeting is a mere formality and no business of importance was done at it. On the way north the party made a tour of inspection of the road.

Chas. R. Faulkner, of Indiana, chief of the record division of the pension office, has resigned.

A HOWLING SUCCESS.

Logansport in Sunday Clothes Celebrates the Introduction of Natural Gas.

LOGANSPORT, Ind., April 5.—The completion of the natural gas line from Howard county to this city was celebrated last night by a grand illumination. It was, in fact, a howling success. Four four-inch stand pipes were erected in the east part of town, and at 8 o'clock the gas was turned on. The pressure was put at 300 pounds, and steadily maintained for over an hour, and the flames extended fully thirty feet into the air. People could not stand nearer than 200 feet of the flames. The test proved highly satisfactory to the company, and fully 5,000 people witnessed the illumination. All the neighboring cities were represented, Lafayette especially sending a large delegation. A brass band furnished the music.

Big Libel Verdicts.

LONDON, April 5.—The *Palmer's Gazette* begins to find libel an expensive amusement. Two verdicts against this paper were returned yesterday—one for $5,000 and the other for $2,500. The plaintiff in the first was Mrs. Irwin, who was accused of disgraceful conduct. Her solicitor recovered damages in the second case on a similar ground.

James Callery.

PITTSBURG, April 5.—James Callery died very suddenly at his residence this morning of heart disease. He was president of the Pittsburg and Western railroad, president of the city Savings bank, and largely interested in other business.

Card of Thanks.

Mr. and Mrs. Gottleib Heine return their thanks to their neighbors and friends who so kindly assisted them in their late sad bereavement.

Beware of Fraud.

There are certain tree peddlers (would-be nursery men) in this city, who, not being satisfied with cheating the city out of the required license for canvassing, are out representing themselves as agents from the Broadway nursery and other places. The public will do well to keep aloof from them and their worthless stuff. These parties have been known to collect money in advance, thus perpetrating fraud. I will state that my only authorized agent to sell and collect for the Broadway nursery is O. W. Nestle, who has the required license.

Fort Wayne Sentinel.

E. A. K. HACKETT, Editor and Proprietor.

FRIDAY, APRIL 5, 1889.

THE democrats carried Rhode Island.

THERE are 26,000 Masons in the state of Indiana.

THE Northern Indiana editors will meet in convention, at Kendallville, in June.

DURING the last year over a thousand immigrants a day landed at Castle Garden. We need new Oklahomas.

THE republicans of Findlay, Ohio, nominated their postmaster by popular vote. His name is Samuel C. Moore.

GOVERNOR HOVEY has published, at the expense of the state, a pamphlet containing his veto messages and inaugural.

CAPT. W. R. MYERS, late democratic candidate for lieutenant governor, has decided to locate permanently at Anderson and practice law.

IN the oratorical contest at Plymouth, Ind., for Hon. H. G. Thayer's prize of $50, Miss Agnes Lattimore carried off first honors last night.

TENNESSEE has enacted an election law similar to the one passed by the Indiana legislature. The tendency of the time is to secure purer elections.

THE new minister to Belgium is the grandson of Old Tippecanoe's chaplain. The claim may seem a little far-fetched, but this administration is great on genealogy.

MR. MILLER, of Mexico, Miami county, has donated a $12,000 tract of land for the use of the orphan children of the German Baptist church, the Dunkard faith.

WHILE the farmers of Kansas are writhing in the tangles of the twine trust, it is a good time to remind them of the 80,000 majority they gave to perpetuate these robber monoplies.

HON. J. B. STOLL, in the South Bend *Times* says: "The oldest democratic paper in Northern Indiana is THE FORT WAYNE SENTINEL. It was started by Thomas Tigar, now among the dead."

MEMBERS of the Seventieth Indiana regiment, who imagined that after Gen. Harrison was inaugurated they had but to ask and receive, are wondering what it means, for so far not one of them is said to have dropped into official recognition.

TALK about civil service reform! Assistant Postmaster General Clarkson has made 1,100 appointments—an average of one every six minutes for the first eighteen days he was in office. The administration is changing the small post-offices in Indiana.

THE committee appointed by the Indiana tariff reform league to select a permanent secretary for the organization has decided to recommend Thomas J. Hudson, of Indianapolis. Mr. Hudson is ready to accept the position, and will devote his entire time to the duties of the office. He expects to receive a salary of $1,200 per annum for his labors, which will consist chiefly in distributing free trade literature and organizing clubs throughout the state.

INSTEAD of a clean sweep for the Chicago democracy, the city clerkship, one of the most important offices on the list, falls to the republican party. Unless the recount of the returns made at police headquarters is contradicted by the official count of the votes, Michael J. Ransom, the democratic candidate, is defeated by a majority of 89. His successful opponent is Franz Amberg, a popular German. In point of patronage the clerkship stands next to the mayoralty.

THE late Thomas A. Hendricks was the leader of the Douglas wing of the democratic party of Indiana in 1860. United States Senator Jesse D. Bright was the acknowledged leader of the Brackenridge force. John R. Coffroth, then a resident of Huntington, also supported Brackenridge, while his brother-in-law, the late General James R. Slack, earnestly and enthusiastically espoused the cause of Douglas. Times have changed since then and statesmen changed with them.

THE warden of the southern prison will be required to hang the first criminal under the new law. The fate of the notorious Sylvester Grubb, of Knox county, who killed his sweetheart at a fair, and who recently came to notice again through his escape from the southern prison and recapture has been finally decided by the supreme court. His sentence was affirmed some time ago, and yesterday a petition for rehearing was over-ruled. He will be hanged on the 12th of this month.

That Tired Feeling.

Afflicts nearly every one in the spring. The system having become accustomed to the bracing air of winter, is weakened by the warm days of the changing season, and readily yields to attacks of disease. Hood's Sarsaparilla is just the medicine needed. It tones and builds up every part of the body, and also expels all impurities from the blood. Try it this season.

AN OLD SENTINEL.

One Was Deposited in the Bluffton Court House Forty-six Years Ago.

The Bluffton *Banner* has this interesting gossip:

Before the week closes the old court house will be leveled to the ground and the brick "temple of justice," which was once the pride of the people of Wells county and the wonder of northeastern Indiana, will be no more. It is said by some of our early settlers that on coming to this county, when they reached Fort Wayne and inquired the way, they were directed to go south until they came "to a fine, large brick building; that is Bluffton's new court house, the county seat of Wells county."

On March 8, 1843, James Wright, Samuel Decker and Levi Young, county commissioners, ordered the auditor, Lewis S. Grove, to advertise in the Fort Wayne *Sentinel* and *Times*, the Greenville (O.) *Messenger* and the Richmond *Jeffersonian* (Bluffton had no paper then) for the building of a brick court house, the contract to be let at public outcry to the lowest bidder, on April 24, 1843,

OLD SOLDIERS.

The Thirtieth Indiana Hold a Grand Reunion at Lagrange.

The sixth annual reunion of the Thirtieth Indiana regiment was held yesterday at Lagrange, Ind., and 142 of the survivors were present, with a number of soldiers from other regiments. A grand time was had and the old heroes told over again the interesting stories of the battles won and lost.

A business meeting was held in the morning and Comrade F. N. Vedder presided. After dinner addresses were delivered by Hon. O. L. Ballou and Major Boydston, of Warsaw.

In the evening a camp fire was held and speeches were delivered by Judge McBride and Capt. J. B. White, the latter responding in an eloquent manner to the toast, "Our Wives and Children."

The next reunion of the regiment will be held at Albion, Ind.

A GOOD AIM.

Citizens Organize to Assist Each Other in Time of Need.

The Saxonian Mutual Aid society was organized to-day, aiming at mutual assistance in sickness or death.

It is officered as follows:

President—Otto Commerow.

Vice-president—Chas. Berndt.

Recording Secretary—Wilhelm Baker, jr.

Financial Secretary—Herman Romber.

Treasurer—Charles Stein.

Trustees—Conrad Braus, Wilhelm Baker, sr., Wilhelm Wehnerd.

A. C. Burt, who has been appointed superintendent of the Fifth division of the railway mail service, will take control of the division next week. The railway mail clerks say they expect removals to begin very soon after the change. They do not expect any wholesale dismissals, however, and think the substitutes and later appointed clerks will be the first relieved. They evidently have little faith that the civil service law will be enforced to the letter and are nearly all preparing to step down with good grace when their turns come. Two or three old republican clerks are in the city awaiting reinstatement in the service.

The Huntington *Herald* says: "Joseph King, of Fort Wayne, one of the proprietors of the Roanoke mills, received a warm greeting at the hands of Huntington friends to-day."

What a Dunce!

I suffered with fever, hot head and foul breath.
With stomach disordered—was sick unto death.
I bore it a week—surely I was a dunce—
Then I took a few "Pellets"—they cured me at once.
What a dunce, indeed, to neglect such a remedy and suffer a week, when quick relief could have been found in Dr. Pierce's Pleasant Purgative Pellets.

RHEUMATISM AND NEURALGIA

These twin diseases cause untold suffering. Doctors admit that they are difficult to cure—so do their patients. Paine's Celery Compound has permanently cured the worst cases of rheumatism and neuralgia—so say those who have used it.

"Having been troubled with rheumatism at the knee and foot for five years, I was almost unable to get around, and was very often confined to my bed for weeks at a time. I used only one bottle of Paine's Celery Compound, and was perfectly cured. I can now jump around, and feel as lively as a boy." FRANK CAROLL, Eureka, Nevada.

WELLS, RICHARDSON & CO., Props., Burlington, Vt.

"Paine's Celery Compound has been a God-send to me. For the past two years I have suffered with neuralgia of the heart, doctor after doctor failing to cure me. I have now taken nearly four bottles of the Compound, and am free from the complaint. I feel very grateful to you." CHAS. H. LEWIS, Central Village, Ct.

Paine's Celery Compound

"I have been greatly afflicted with acute rheumatism, and could find no relief until I used Paine's Celery Compound. After using six bottles of this medicine I am now cured of rheumatic troubles."
SAMUEL HUTCHINSON, So. Cornish, N. H.

Effects Lasting Cures.

Paine's Celery Compound has performed many other cures as marvelous as these,—copies of letters sent to any address. Pleasant to take, does not disturb, but aids digestion, and entirely vegetable; a child can take it. What's the use of suffering longer with rheumatism or neuralgia?

LONG LIFE.

There is nothing in the world more generally desired than long life, yet the majority of people put off caring for their health—not because they are really careless, but because we live our lives at such a pace we have not time to give the subject sufficient thought until we receive a reminder in the shape of a severe illness.

Then, too, we are constantly bewildered by the various schools of medicine, and the physicians who represent them, and often blunder in our choice of a doctor.

If people only knew that the very best health-keeper, life-preserver and disease preventer that has yet been discovered, is simmered down into a concentrated and very palatable form in the shape of New Style Pleasant Taste Vinegar Bitters, they would not hesitate a moment to try it.

But they do not know. How can they know, when so many not only worthless, but positively injurious drugs are constantly flooding the market under various names and guises, that the New Style Vinegar Bitters is as bad as any of them?

They do not know, of course, unless they have the courage to try the New Style. It straightens out a tangled-up system in a very short while, and those who buy it once buy it always.

Why don't you try it, reader? It is sent out by a responsible house, and is exactly as represented. It costs but a dollar for a very large bottle. Try it once and you will never be so glad of anything in your life. Your druggist may not have it, but he will order it for you. Be sure it says New Style Pleasant Taste on carton and bottle before you take it. Try it, and you will feel happier than if you had found a gold mine, for it really is a mine—of health.

Free from alcohol and opium; composed of expensive herbs and roots, with a fine, delicate flavoring.

OUR REPORTER'S GOGGLES

Pry Around the Manufacturing Centers in Search of News and This is His Budget for To Day.

The Wabash shops are building two new freight engines.

The Pittsburg machinists are organizing a base ball nine.

The Bass foundry will pay their employes on Thursday of next week.

John Woodworth has again taken a position in the Pittsburg car shops.

The big furnace at the Bass blacksmith shops will be repaired this week.

The Nickel Plate has taken off one of its switch engines in the Fort Wayne yards.

The Wabash is repairing its side tracks along side of the Olds wheel works.

J. F. Pieper, machinist at the Wabash shops is rapidly recovering from his recent illness.

Conductor Glenn has resumed his run in the Pittsburg passenger train service, where he is very popular.

Foreman Fitzpatrick, of the Pittsburg shops, was called into court yesterday as a witness in the Strope case.

A number of the officials of the Pennsylvania road went east last night in a special car attached to No. 8.

Wm. Boseker, of the Pittsburg blacksmith shops, has been off duty this week, on account of the sickness of his wife.

L. T. Zentz, a Pittsburg brakeman, is suffering with a wounded hand which he had injured at Plymouth the other night.

H. A Philley, the pleasant clerk in Roadmaster Polhamus's office at the Pittsburg, is at his desk again after a brief illness.

William Hamilton, of Hoffman Bros, plaining mills, had his right hand caught in the machinery yesterday and his index finger was badly crushed.

John Blaising, of the Bass works, at 7 o'clock this morning said it was going to rain to-day and his predictions have come true. John is the prophet of the shops.

Several of the machinists of the Pittsburg shops attended the funeral of the little child of Mr. White to-day. The Pittsburg employes contributed a very beautiful floral offering.

President Roberts and other officials of the Pennsylvania lines, are this week making an inspection of the lines east of Pittsburg, and will in a few days go over the lines west of that point.

Frank Lightfoot, of the Bass foundry offices, has been interrupted considerably in the last day or two in his clerical work, on account of the arrival at his home of a bright-faced baby boy.

Alonzo Mannett, a fireman on the Grand Rapids road, is being congratulated on the arrival at his home of a baby boy. The boys say passenger train No. 2, on which he is employed, was late yesterday on this account.

Peter Anderson, William Limecooley, H. Mennewisch, Owen Farnan, C. Bachter, Ed Kuhn, J. Kelly and H. Taylor, of the Bass blacksmith shops, are off duty this week on account of repairs which are in progress on the big furnace.

Capt. Thomas Toomey, of the Bass works, has returned from Lagrange, where he was in attendance at the reunion of his old army regiment, the 30th Indiana. He reports having had a magnificent time, and says he, with others, were royally entertained by Mr. J. C. Thomas, of that city.

The boys at the Bass works are losing their grip as far as news is concerned, and things at that establishment have been so uncommonly quiet that our reporter, who pries around there every morning, is thinking seriously of airing a sensation in that vicinity, simply for the purpose of stirring up the boys.

Under the name of the American Midland Railroad company articles of consolidation have been filed with the secretary of state by the New York, Mahoning and Western Railroad company and the Ohio, Indiana and Missouri River Railroad company. The capital stock of the consolidated company is $5.000,000, of which $3,000,000 is to be held for the stockholders of the New York and Mahoning, and the other $2,000,000 by the Ohio, Indiana and Missouri River company.

A fiendish attempt was made to wreck the vestibule passenger train No. 5 on the Pittsburg road the other night near Canton, Ohio. Eight large pieces of iron were wedged into the switch. The operator stopped the limited before it reached the obstruction, his effort to take the irons out of the switch being futile. A fireman had to be sent back to the engine, and with the hammer he procured they were forced out. The switch is only sixty feet from a bridge, and the momentum would have thrown the whole train into the creek.

Alonzo Burt, reappointed superintendent for the Fifth division railway mail service, is an old man in the service, receiving his appointment sixteen years ago as a postal clerk on the line of the Cincinnati, Baltimore and Washington railroad, between Grafton and Cincinnati, where he ran until detailed into the office of the superintendent at Cincinnati as chief clerk, and served as such until the retirement of C. Jay French, when he was appointed his successor and remained in that position until February of 1886, when he was superseded.

WABASH RAILWAY NEWS.

Conductor Grow has charge of the local between Andrews and Fort Wayne.

Baggagemaster at Huntington: How about the package you received, marked, "glass, handle with care?"

The appointment of Night Caller Henry Kautz, as postmaster, at Andrews, meets the approval of the railroad boys pretty generally.

C. S. Needham, foreman of the car department, and Fireman Ager, are pushing the work on their new homes, at Andrews.

The conductor of the local freight between Andrews and Fort Wayne, was angered yesterday by having some one enter the caboose and "touch" him for his gold watch, valued at $75.

Engineer Hartshorn and Fireman Snyder, with engine 1,334, and Engineer Kuntz and Fireman Plum with engine 1,042, are pulling the fast freight runs, No. 91 and 92 on first district. Elliott and Munger with engine 1,348, and Tilton and McCann with engine 1,563 have the same runs on the second district.

The speed indicators carried in the private cars of Supt. K. H. Wade, and Assistant Superintendent Stevens, were wound up to their highest point last Thusday, between Waverly and Peru. They showed a speed of seventy miles per hour. Engineer Hamilton and Fireman Casey, with 1,006, produced the motive power.

Conductor Peter Fording, with Brakemen Haines and Hazzard, and Conductor Dennis, with Brakemen Wixsom and Orndoff, have been assigned to the fast freight runs on the first district. Conductor Riley, with Hoyt and Grangor, and Conductor Hedges, with Mowrer and Leonard, have the same runs on the second district.

Hood's Sarsaparilla is peculiar to itself and superior to all other preparations in strength, economy, and medicinal merit.

During a heavy thunderstorm at Gonzales, Tex., a flock of wild geese were struck by lightning and seventy-eight of them were killed.

The Mother's Kiss.—The children are continually getting slight injuries for which the soothing charm of a mother's kiss is not quite equal for a complete cure. For all kinds of cuts, bruises, wounds, burns, insect bites or stings, nose bleed or any inflammation, Pond's Extract is unequaled. But refuse all substitutes for both the kiss and Pond's Extract.

There is said to be one woman in the finishing department of the watch factory at Waltham, able to do men's work for men's pay.

A Sensible Man.

Would use Kemp's Balsam for the throat and Lungs. It is curing more cases of coughs, colds, asthma, bronchitis, croup and all throat and lung troubles, than any other medicine. The proprietor has authorized any druggist to give you a sample bottle free to convince you of the merit of this great remedy. Large bottles 50c and $1.

There are several goat ranches in Texas.

Advice to Mothers.—Mrs. Winslow's Soothing Syrup should always be used when children are cutting teeth. It relieves the little sufferer at once; it produces natural, quiet sleep by relieving the child from pain, and the little cherub awakes as "bright as a button." It is very pleasant to take. It sooths the child, softens the gums, allays all pain, relieves wind, regulates the bowels and is the best known remedy for diarrhœa, whether arising from teething or other causes. Twenty-five cents a bottle.

Jan-27-1y

Prevented by an Injunction.

SAULT ST. MARIE, Mich., April 4.—At midnight Judge Steere issued an injunction against Moiles Brothers and the captains of the vessels at Detour, restraining them from moving any part of the Moiles mill property to the Canadian side, which they were trying to do to defraud their creditors.

S.S.S. FOR THE BLOOD

Our little girl when but three weeks old broke out with eczema. We tried the prescription from several good doctors, but without any special benefit. We tried S. S. S., and by the time one bottle was gone, her head began to heal, and by the time she had taken six bottles she was completely cured. Now she has a full and heavy head of hair—a robust healthy child. I feel it but my duty to make this statement. H. T. SHOBE, Rich Hill, Mo.

The Soap I come to speak about
is the Great Santa Claus.
'Tis good for every purpose,
For which a soap is needed,
And joy will bring to every one
Who has wise counsel heeded
And spent a nickel, just to prove
What wonders it will do,
To lighten labor, save expense
And make things bright and new.

Extract from Prof. Soap'em's lecture on "The Moral Influence of Soap."

The above cut represents the HOWARD FURNACE, which obtains by its construction, advantages over all others. It is the most Scientific, Practical and Simple heater yet produced. It has the largest radiating surface, wherein the heat is circulated around and contained in the furnace instead of passing directly into the chimney. This furnace does not burn over one ton of coal a month in the coldest weather and in some instances less. This furnace will also heat by means of hot water, thereby reaching distant rooms where hot air cannot. It is low down and can be set in the lowest cellar and still allow hot air pipes to be taken from the top instead of the side of the casting as in all other furnaces. JOHN PRESSLER,

The World Ought to Know It.

The world ought to know what S. S. S. has done for me in the cure of a malignant cancer, which was so bad as to be considered incurable by the physicians in Chicago, where I went to be treated. The hospital surgeons gave me up, saying they could do nothing for me. One of my neighbors sent me a copy of an advertisement cut from a paper in regard to Swift's Specific, and I began taking it. I got relief from the first few doses; the poison was gradually forced out of my system, and I was soon cured sound and well. It is now ten months since I quit taking S. S. S. and I have had no sign of return of the dreadful disease.

Misfits!

What Are They?

In answer to the question: "What are Misfits?" we offer a few words of explanation. They are simply goods left on Merchant tailors hands for the reason they did not fit the parties originally intended for, or because they were not called for.

Where Do You Get Them?

This question is asked of us innumerable times. To this we also offer a few words of explanation. We have five men employed, who are constantly visiting the principal cities of this country, and buying up from the leading tailors any MISFIT or UNCALLED FOR garments they may have. These goods are purchased so we are enabled to sell them for ONE HALF there original measured price. They are cut in the latest style and in any shape shown on the fashion plate, and are made from the very finest of imported and domestic fabrics. They consist of Prince Alberts, Three and Four Button Cutaways, Sacks and Full Dress Suits. Further comment is unnecessary. Call and convince yourself. We append below our price list as a guide.

DISEASES OF HORSES.

The Causes of Numerous Diseases and Disagreeable Habits of Horses.

Horses having diseased teeth are hard to keep up in condition, and if poor, it is impossible to fatten them. More horses are blind from diseased, sharp edged and irregular molars than from all other causes. Improper mastication of food produces indigestion, indigestion produce hide-bound, swollen limbs, starving, or dead like coat of hair, and loss of appetite. Their teeth being in irregularshape, and having sharp edges causes drooling, stopping short, starting suddenly, frothing, slobbering, and especially driving on one rein, and pulling. All these disagreeable habits and primary tension to disease can be remedied by Dr. Wm. F. Myers, Veterinary Surgeon and Dentist, who will be pleased to see you, explain matters more fully, and relieve your equine pets from their sufferings by his special operation on them. The Lumber Men in Michigan Threaten Violence if They do Not Get Their Wages.

SAULT STE MARIE, Mich., April 5.—Marks, Dabie & Co., of Theesalon, Ontario, a small town on the St. Mary's river, are in financial trouble. York made a proposition to the Ashland business men's association for the erection of a mammoth structural steel plant to employ 1,200 men, and cost not less than one million dollars. This plant, it is said, would be of such proportions that dozens of important industries connected with it and necessary to supply it with materials of various kinds, would immediately be grouped there. BRUSSELLS, April 5.—The report of Stanley's march is generally believed in official circles here, but surprise is expressed that Emin Bey should have abandoned the lake provinces. The 6,000 tusks of ivory which the explorers are reported to have with them are valued at 3,000,000 francs.

More Gas at Hartford City.

HARTFORD, Ind., April 5.—Yesterday the drillers in the gas well at Steele rolling mill, at a depth of 953 feet, struck an immense flow of gas. The machinery will soon be placed in position and the mill in active operation, employing about three hundred men.

Rochester Strike.

ROCHESTER, N. Y., April 5.—At 8 o'clock this morning cars began running on three routes the same as yesterday.

RAIDED AGAIN.

Huntertown Ransacked by Burglars and a Big Haul Reported.

Huntertown, a village north on the Grand Rapids road, in this county, was again visited by burglars last night.

After the villagers retired, two men, who were seen about the streets in the evening, broke into a half dozen houses, and made a fat haul.

They forced the door of the Grand Rapids baggage room, and opened six trunks, taking a suit of clothes and other valuables.

From the village barber they stole ten razors, and from the minister some cash and clothing.

Reuben Cone, the merchant, was one of the victims, but Ketcham, the barber, was severely touched.

The clothes stolen from the Grand Rapids baggage room belonged to a minister at the Lagrange conference, and cost him $45.

Sheriff Viberg arrested twelve tramps and vagrants this morning, but discovered no trace of the stolen goods.

Altogether, six or seven houses were visited, and the thieves got away with their booty before the robberies were discovered.

The officers have descriptions of the men, and are on watch.

A SCHOOL HOUSE

In Saved By Heroic Work of the Firemen.

About 9 o'clock last night a fire broke out in the Bloomingdale public school, a handsome building.

The blaze seemed to have started in some closets in the west side from a cause unknown, and spread rapidly, going into the attic and up the cupola, and along the roof timbers.

The firemen did heroic work and saved the building from total destruction.

The damage will reach $700 and is fully covered by insurance.

Dr. Irwin dismissed the pupils this morning, and will at once proceed to prepare the school for occupancy. It will not be closed a week.

SEEKING A CHERUB.

Mary Whiteman Sues for the Recovery of Her Child.

In the circuit court, this morning, Mary Whiteman filed habeas corpus proceedings seeking to recover her child, which, she alleges, is forcibly detained by Henry Whiteman, at the Hyer house, in this city.

The case comes from New York state, where Whiteman first possessed himself of the babe, now three and a half years of age. The Hyer house people are made parties to the proceeding and Mrs. Whiteman alleges that none of the defendants can properly rear the little one, who is called Pliny Whiteman.

DOES IT MEAN WAR?

A Discordant Note Sounded That May Mean a Conflict Among European Powers.

LONDON, April 5.—A discordant note has been sounded from one of the Balkan states and careful students of European politics profess to see in it the possibilities of an European war that would bring Russia and the triple alliance into the field against each other and involve one or more of the smaller powers.

The resignation of the Roumanian ministry has a significance that is of great importance in regard to the possible war. The reason of their resignation is that they do not approve the act of King Charles in proclaiming his nephew, Prince Ferdinand, his heir.

Russia spoke some days ago and condemned the king's action, and as the Roumanian ministry are Russophites to a man they have obediently followed their Russian master's lead and command. After a proper time has been given for the resinding of the obnoxious proclamation, the threat that Russia uttered after Milan's abdication, Servia politicans believed to be no idle one, and many think that the northern bear is now making ready to put into effect the words. Alexander was the first to go, Milan, of Servia, second, and Charles, of Roumania, will come next.

BRUSSELS, April 5.—General Boulanger has been persuaded by Count Dillon and M. Rochefort to withhold the manifesto he meditated sending to his followers in France, and the electoral campaign has been suspended.

PARIS, April 5.—The action of the chamber of deputies yesterday in voting for the prosecution of General Boulanger is viewed as the death blow to himself and followers by the opportunist and radical press. The government will prosecute Henri Rochefort and Count Dillon for their connection with the Boulangist party.

CAPTAIN LORD.

A Sailor at Lake Maxinkuckee Drowns Himself.

PLYMOUTH, Ind., April 5.—Capt. Ralph K. Lord, of Marmont, Ind., the well-known captain of the steamer, Iron Clad, on Lake Maxinkuckee, committed suicide at the lake. He tied a heavy anchor to one leg and leaped overboard to a watery grave. The body was recovered. Domestic trouble and financial embarrassment were the causes. Only a week ago he was tried on a charge of insanity and discharged.

WHAT KNOX.

Hon. R. C. Bell Sends a Batch of Rascals to Prison.

Hon. R. C. Bell returned from Knox, Ind., to-day, having been engaged since Tuesday as counsel for the company to prosecute the gang of outlaws who have prosecuted wholesale robberies on the Nickel Plate road.

There were six prisoners in the dock when court opened Tuesday last, and at sundown last evening, every one of the sextet had been sent to prison for terms of one year each.

The names of the prisoners are Peter Harliss, Charles Kring, Peter and William Harman, August Newman and James Kringer.

Mr. Bell is pretty well pleased with his week's work.

A CLEVER SWINDLER.

Mr. Will McKinnie Loses $143 on a Rascal Named Martin Rice.

Some days ago a stranger registered at the Wayne hotel as "Martin Rice, New York."

He represented himself as travelling salesman for Reinhardt & Bro., New York, and the second day of his stay presented a draft for $243, asking Mr. McKinnie to endorse it.

The paper looked regular and without much hesitation Mr. McKinnie put his name on it.

The draft was promptly cashed by one of the local banks and Rice left with his roll.

Imagine Mr. McKinnie's surprise when the draft went to protest at New York as a forgery and was returned to him yesterday for settlement.

Of course Mr. McKinnie must loose the amount until the rascal Rice is discovered, and to this end Mr. McKinnie will spare no pains.

Captain Diehl is now working on the case.

Philo Remington Dead.

SILVER SPRINGS, Fla., April 5.—Philo Remington, senior partner of the rifle manufacturing firm of Remington & Sons, died here yesterday, at the age of seventy-three years.

A BAD MAN.

Herr Kruse, an Emigrant, Offers to Kill and Carve.

Annis Kocher, Herr Kruse and Frank Clark were fined for drunkenness this morning, by the mayor.

Kruse adds sensational features to the case.

At the Freese saloon and grocery, on Fairfield avenue, last night he threatened to kill everybody in sight until Officer Wahrenburg put irons on him.

The fellow was armed with a shot gun and huge knife and threatened the life of Fred Freese, who had the fellow pulled out of jail again this afternoon on a charge of assault with intent to kill.

He will be held to await the action of the grand jury.

Kruse comes from a bad stock, his brother, Bill Kruse, having been in prison.

LOCAL LINES.

Seats can now be secured for "Fantasma" and Pete Baker.

Judge Chapin held a brief session of the superior court to-day.

Mr. N. Strauss, of Warsaw, is the guest of Mr. Isaac Lauferty.

Rt. Rev. Bishop Dwenger returned from Notre Dame yesterday.

Pete Baker presents "The Emigrant" at the Temple to-morrow evening.

"The Emigrant" is said to be the finest costumed play on the boards.

Dr. H. G. Stamen, of Delphos, O., is in the city, the guest of Dr. A. J. Kesler.

"Fantasma," from all indications, will pack the Temple for three nights next week.

The closing examinations in the public schools will begin in about two weeks.

There will be no service at the Hebrew temple this evening or to-morrow morning.

Mr. J. Shaw Stevens, chief train dispatcher of the Wabash, was in the city last evening.

A. C. Bower et al. sue H. C. Taylor et al. for $166. J. E. Graham is attorney in the suit.

Rev. J. E. Gilbert, D. D., arrived in the city this afternoon to lead the county Sunday school convention to-night.

Rev. J. C. Cromer delivers the address at the Sunday school convention in the city Y. M. C. A. hall to-morrow afternoon, and Rev. J. L. Leeper in the evening.

A good chance for some young man: The City Y. M. C. A. will give a one year's membership ticket to the one that will bring in the most members by the 1st of June.

Jack Sheahan and Kate Smalley were arrested last night, on suspicion that their love was illicit. Mrs. Smalley protested her innocence, but she was hunting bail at last accounts.

The Reverend Father Eberschweiler, a Jesuit missionary from Buffalo, N. Y., is preaching a series of sermons at St. Mary's church in connection with the "Forty Hour Devotions." He preaches to-night and to-morrow forenoon and evening.

In the case of Mrs. Sullivan, administrator, vs. the Pennsylvania company, the jury at Plymouth rendered a verdict of $3,000 against the company. This was for the killing of the husband of the plaintiff by an accident more than two years ago.

There is a good deal of speculation as to how trade would follow the Fruit House to its new location. "Our business is larger than ever," said Hon. J. B. White, in reply to the inquiry, "and the purchases exceed any similar time in the history of the house. It is simply phenomenal and I am highly pleased."

President W. O. Hughart, of the Grand Rapids and Indiana road, came up from his winter resort in Florida on a special train last night. He was met at Richmond, Ind., by Vice President Shelby and J. H. P. Hughart, where the annual meeting of the "Richmond road" was held. This road is that part of the Grand Rapids road between this city and Richmond, and is held by the company on a ninety-nine year lease. This annual meeting is a mere formality and no business of importance was done at it. On the way north the party made a tour of inspection of the road.

The Weather.

Chas. R. Faulkner, of Indiana, chief of the record division of the pension office, has resigned.

A HOWLING SUCCESS.

Logansport in Sunday Clothes Celebrates the Introduction of Natural Gas.

LOGANSPORT, Ind., April 5.—The completion of the natural gas line from Howard county to this city was celebrated last night by a grand illumination. It was, in fact, a howling success. Four four-inch stand pipes were erected in the east part of town, and at 8 o'clock the gas was turned on. The pressure was put at 300 pounds, and steadily maintained for over an hour, and the flames extended fully thirty feet into the air. People could not stand nearer than 200 feet of the flames. The test proved highly satisfactory to the company, and fully 5,000 people witnessed the illumination. All the neighboring cities were represented, Lafayette especially sending a large delegation. A brass band furnished the music.

Big Libel Verdicts.

LONDON, April 5.—The *Palmer's Gazette* begins to find libel an expensive amusement. Two verdicts against this paper were returned yesterday—one for $5,000 and the other for $2,500. The plaintiff in the first was Mrs. Irwin, who was accused of disgraceful conduct. Her solicitor recovered damages in the second case on a similar ground.

James Callery.

PITTSBURG, April 5.—James Callery died very suddenly at his residence this morning of heart disease. He was president of the Pittsburg and Western railroad, president of the city Savings bank, and largely interested in other business.

Card of Thanks.

Mr. and Mrs. Gottlieb Heine return their thanks to their neighbors and friends who so kindly assisted them in their late sad bereavement.

Beware of Fraud.

There are certain tree peddlers (would-be nursery men) in this city, who, not being satisfied with cheating the city out of the required license for canvassing, are out representing themselves as agents from the Broadway nursery and other places. The public will do well to keep aloof from them and their worthless stuff. These parties have been known to collect money in advance, thus perpetrating fraud. I will state that my only authorized agent to sell and collect for the Broadway nursery is O. W. Nestle, who has the required license.

Fort Wayne Sentinel.

R. A. H. HAUKETT, Editor and Proprietor.

FRIDAY, APRIL 5, 1889.

THE democrats carried Rhode Island.

THERE are 26,000 Masons in the state of Indiana.

THE Northern Indiana editors will meet in convention, at Kendallville, in June.

DURING the last year over a thousand immigrants a day landed at Castle Garden. We need new Oklahomas.

THE republicans of Findlay, Ohio, nominated their postmaster by popular vote. His name is Samuel C. Moore.

GOVERNOR HOVEY has published, at the expense of the state, a pamphlet containing his veto messages and inaugural.

CAPT. W. R. MYERS, late democratic candidate for lieutenant governor, has decided to locate permanently at Anderson and practice law.

IN the oratorical contest at Plymouth, Ind., for Hon. H. G. Thayer's prize of $50, Miss Agnes Lattimore carried off first honors last night.

TENNESSEE has enacted an election law similar to the one passed by the Indiana legislature. The tendency of the time is to secure purer elections.

THE new minister to Belgium is the grandson of Old Tippecanoe's chaplain. The claim may seem a little far-fetched, but this administration is great on genealogy.

MR. MILLER, of Muxico, Miami county, has donated a $12,000 tract of land for the use of the orphan children of the German Baptist church, the Dunkard faith.

WHILE the farmers of Kansas are writhing in the tangles of the twine trust, it is a good time to remind them of the 80,000 majority they gave to perpetuate those robber monopolies.

HON. J. B. STOLL, in the South Bend *Times* says: "The oldest democratic paper in Northern Indiana is THE FORT WAYNE SENTINEL. It was started by Thomas Tigar, now among the dead."

MEMBERS of the Seventieth Indiana regiment, who imagined that after Gen. Harrison was inaugurated they had but to ask and receive, are wondering what it means, for so far not one of them is said to have dropped into official recognition.

TALK about civil service reform! Assistant Postmaster General Clarkson has made 1,100 appointments—an average of one every six minutes for the first eighteen days he was in office. The administration is changing the small postoffices in Indiana.

THE committee appointed by the Indiana tariff reform league to select a permanent secretary for the organization has decided to recommend Thomas J. Hudson, of Indianapolis. Mr. Hudson is ready to accept the position, and will devote his entire time to the duties of the office. He expects to receive a salary of $1,200 per annum for his labors, which will consist chiefly in distributing free trade literature and organizing clubs throughout the state.

INSTEAD of a clean sweep for the Chicago democracy, the city clerkship, one of the most important offices on the list, falls to the republican party. Unless the recount of the returns made at police headquarters is contradicted by the official count of the votes, Michael J. Ransom, the democratic candidate, is defeated by a majority of 89. His successful opponent is Franz Amberg, a popular German. In point of patronage the clerkship stands next to the mayoralty.

THE late Thomas A. Hendricks was the leader of the Douglas wing of the democratic party of Indiana in 1860. United States Senator Jesse D. Bright was the acknowledged leader of the Breckenridge force. John R. Coffroth, then a resident of Huntington, also supported Breckenridge, while his brother-in-law, the late General James R. Slack, earnestly and enthusiastically espoused the cause of Douglas. Times have changed since then and statesmen changed with them.

THE warden of the southern prison will be required to hang the first criminal under the new law. The fate of the notorious Sylvester Grubb, of Knox county, who killed his sweetheart at a fair, and who recently came to notice again through his escape from the southern prison and recapture has been finally decided by the supreme court. His sentence was affirmed some time ago, and yesterday a petition for rehearing was over-ruled. He will be hanged on the 12th of this month.

That Tired Feeling.

Affects nearly every one in the spring. The system having become accustomed to the bracing air of winter, is weakened by the warm days of the changing season, and readily yields to attacks of disease. Hood's Sarsaparilla is just the medicine needed. It tones and builds up every part of the body, and also expels all impurities from the blood. Try it this season.

AN OLD SENTINEL.

One Was Deposited in the Bluffton Court House Fortyeir Years Ago.

The Bluffton *Banner* has this interesting gossip:

Before the week closes the old court house will be leveled to the ground and the brick "temple of justice," which was once the pride of the people of Wells county and the wonder of northeastern Indiana, will be no more. It is said by some of our early settlers that on coming to this county, when they reached Fort Wayne and inquired the way, they were directed to go south until they came "to a fine, large brick building; that is Bluffton's new court house, the county seat of Wells county."

On March 8, 1843, James Wright, Samuel Decker and Levi Young, county commissioners, ordered the auditor, Lewis S. Grove, to advertise in the Fort Wayne *Sentinel* and *Times*, the Greenville (O.) *Messenger* and the Richmond *Jeffersonian* (Bluffton had no paper then) for the building of a brick court house, the contract to be let at public outcry to the lowest bidder, on April 24, 1843.

OLD SOLDIERS.

The Thirtieth Indiana Held a Grand Reunion at Lagrange.

The sixth annual reunion of the Thirtieth Indiana regiment was held yesterday at Lagrange, Ind., and 142 of the survivors were present, with a number of soldiers from other regiments. A grand time was had and the old heroes told over again the interesting stories of the battles won and lost.

A business meeting was held in the morning and Comrade F. N. Vedder presided. After dinner addresses were delivered by Hon. O. L. Ballou and Major Boydston, of Warsaw.

In the evening a camp fire was held and speeches were delivered by Judge McBride and Capt. J. B. White, the latter responding in an eloquent manner to the toast, "Our Wives and Children."

The next reunion of the regiment will be held at Albion, Ind.

A GOOD AIM.

Citizens Organize to Assist Each Other in Time of Need.

The Saxonian Mutual Aid society was organized to-day, aiming at mutual assistance in sickness or death.

It is officered as follows:

President—Otto Coumerow.

Vice-president—Chas. Berndt.

Recording Secretary—Wilhelm Baker, jr.

Financial Secretary—Herman Romber.

Treasurer—Charles Stein.

Trustees—Conrad Braus, Wilhelm Baker, sr., Wilhelm Wehnerd.

A. C. Burt, who has been appointed superintendent of the Fifth division of the railway mail service, will take control of the division next week. The railway mail clerks say they expect removals to begin very soon after the change. They do not expect any wholesale dismissals, however, and think the substitutes and later appointed clerks will be the first relieved. They evidently have little faith that the civil service law will be enforced to the letter and are nearly all preparing to stop down with good grace when their turns come. Two or three old republican clerks are in the city awaiting reinstatement in the service.

The Huntington *Herald* says: "Joseph King, of Fort Wayne, one of the proprietors of the Roanoke mills, received a warm greeting at the hands of Huntington friends to-day."

What a Dunce!

I suffered with fever, hot head and foul breath.
With stomach disordered—was sick unto death.
I bore it a week—surely I was a dunce—
Then I took a few "Pellets"—they cured me at once.

What a dunce, indeed, to neglect such a remedy and suffer a week, when quick relief could have been found in Dr. Pierce's Pleasant Purgative Pellets.

Working for the National G. A. R. Encampment.

RHEUMATISM AND NEURALGIA

These twin diseases cause untold suffering. Doctors admit that they are difficult to cure—and to their patients. Paine's Celery Compound has permanently cured the worst cases of rheumatism and neuralgia—so say those who have used it.

"Having been troubled with rheumatism at the knee and foot for five years, I was almost unable to get around, and was very often confined to my bed for weeks at a time. I used only one bottle of Paine's Celery compound, and was thereby cured. I can now jump around, and feel as lively as a boy." FRANK CASSIN, Eureka, Nevada.

LONG LIFE.

There is nothing in the world more general desired than long life, yet the majority of people put off caring for their health—not because they are really careless, but because we live our lives at such a pace we have not time to give the subject sufficient thought until we receive a reminder in the shape of a severe illness.

Then, too, we are constantly bewildered by the various schools of medicine, and the physicians who represent them, and often blunder in our choice of a doctor.

If people only knew that the very best health-keeper, life-preserver and disease preventer that has yet been discovered, is simmered down into a concentrated and very palatable form in the shape of New Style Pleasant Taste Vinegar Bitters, they would not hesitate a moment to try it.

But they do not know. How can they know, when so many not only worthless, but positively injurious drugs are constantly flooding the market under various names and guises, that the New Style Vinegar Bitters is so bad as any of them?

They do not know, of course, unless they have the courage to try the New Style. It straightens out a tangled-up system in a very short while, and those who buy it once buy it always.

Why don't you try it, reader? It is sent out by a responsible house, and is exactly as represented. It costs but a dollar for a very large bottle. Try it once and you will never be so glad of anything in your life. Your druggist may not have it, but he will order it for you. Be sure it says New Style Pleasant Taste on carton and bottle before you take it. Try it, and you will feel happier than if you had found a gold mine, for it really is a mine—of health.

Free from alcohol and opium; composed of expensive herbs and roots, with a fine, delicate flavoring.

FRIDAY, APRIL 5, 1889.

OUR REPORTER'S GOGGLES

Fry Around the Manufacturing Centers in Search of News and This is His Budget for To Day.

The Wabash shops are building two new freight engines.

The Pittsburg machinists are organizing a base ball nine.

The Bass foundry will pay their employes on Thursday of next week.

John Woodworth has again taken a position in the Pittsburg car shops.

The big furnace at the Bass blacksmith shops will be repaired this week.

The Nickel Plate has taken off one of its switch engines in the Fort Wayne yards.

The Wabash is repairing its side tracks along side of the Olds wheel works.

J. F. Pieper, machinist at the Wabash shops is rapidly recovering from his recent illness.

Conductor Glenn has resumed his run in the Pittsburg passenger train service, where he is very popular.

Foreman Fitzpatrick, of the Pittsburg shops, was called into court yesterday as a witness in the Strope case.

A number of the officials of the Pennsylvania road went east last night in a special car attached to No. 8.

Wm. Boseker, of the Pittsburg blacksmith shops, has been off duty this week, on account of the sickness of his wife.

L. T. Zentz, a Pittsburg brakeman, is suffering with a wounded hand which he had injured at Plymouth the other night.

H. A Philley, the pleasant clerk in Roadmaster Polhamus's office at the Pittsburg, is at his desk again after a brief illness.

William Hamilton, of Hoffman Bros, planing mills, had his right hand caught in the machinery yesterday and his index finger was badly crushed.

John Blaising, of the Bass works, at 7 o'clock this morning said it was going to rain to-day and his predictions have come true. John is the prophet of the shops.

Several of the machinists of the Pittsburg shops attended the funeral of the little child of Mr. White to-day. The Pittsburg employes contributed a very beautiful floral offering.

President Roberts and other officials of the Pennsylvania lines, are this week making an inspection of the lines east of Pittsburg, and will in a few days go over the lines west of that point.

Frank Lightfoot, of the Bass foundry offices, has been interrupted considerably in the last day or two in his clerical work, on account of the arrival at his home of a bright-faced baby boy.

Alonzo Mannott, a fireman on the Grand Rapids road, is being congratulated on the arrival at his home of a baby boy. The boys say passenger train No. 2, on which he is employed, was late yesterday on this account.

Peter Anderson, William Limecooley, H. Mennawisch, Owen Farnan, C. Bachter, Ed Kuhn, J. Kelly and H. Taylor, of the Bass blacksmith shops, are off duty this week on account of repairs which are in progress on the big furnace.

Capt. Thomas Toomey, of the Bass works, has returned from Lagrange, where he was in attendance at the reunion of his old army regiment, the 80th Indiana. He reports having had a magnificent time, and says he, with others, were royally entertained by Mr. J. C. Thomas, of that city.

The boys at the Bass works are losing their grip as far as news is concerned, and things at that establishment have been so uncommonly quiet that our reporter, who pries around there every morning, is thinking seriously of airing a sensation in that vicinity, simply for the purpose of stirring up the boys.

Under the name of the American Midland Railroad company articles of consolidation have been filed with the secretary of state by the New York, Mahoning and Western Railroad company and the Ohio, Indiana and Missouri River Railroad company. The capital stock of the consolidated company is $6,000,000, of which $3,000,000 is to be held for the stockholders of the New York and Mahoning, and the other $2,000,000 by the Ohio, Indiana and Missouri River company.

A fiendish attempt was made to wreck the vestibule passenger train, No. 5 on the Pittsburg road the other night near Canton, Ohio. Eight large pieces of iron were wedged into the switch. The operator stopped the limited before it reached the obstruction, his effort to take the irons out of the switch being futile. A fireman had to be sent back to the engine, and with the hammer he procured they were forced out. The switch is only sixty feet from a bridge, and the momentum would have thrown the whole train into the creek.

Alonzo Burt, reappointed superintendent for the Fifth division railway mail service, is an old man in the service, receiving his appointment sixteen years ago as a postal clerk on the line of the Cincinnati, Baltimore and Washington railroad, between Grafton and Cincinnati, where he ran until doubled into the office of the superintendent at Cincinnati as chief clerk, and served as such until the retirement of C. Jay French, when he was appointed his successor and remained in that position until February of 1886, when he was superseded.

WABASH RAILWAY NEWS.

Conductor Grow has charge of the local between Andrews and Fort Wayne.

Baggagemaster at Huntington: How about the package you received, marked, "glass, handle with care?"

The appointment of Night Caller Henry Kantz, as postmaster, at Andrews, meets the approval of the railroad boys pretty generally.

C. S. Needham, foreman of the car department, and Fireman Agur, are pushing the work on their new homes, at Andrews.

The conductor of the local freight between Andrews and Fort Wayne, was angered yesterday by having some one enter the caboose and "konch" him for his gold watch, valued at $75.

Engineer Hartshorn and Fireman Snyder, with engine 1,334, and Engineer Kantz and Fireman Plum with engine 1,042, are pulling the fast freight runs, No. 91 and 92 on first district. Elliott and Munger with engine 1,348, and Tilton and McCann with engine 1,563 have the same runs on the second district.

The speed indicators carried in the private cars of Supt. K. H. Wade, and Assistant Superintendent Stevens, were wound up to their highest point last Thursday, between Waverly and Peru. They showed a speed of seventy miles per hour. Engineer Hamilton and Fireman Casey, with 1,006, produced the motive power.

Conductor Peter Fording, with Brakemen Haines and Hazzard, and Conductor Dennis, with Brakemen Wixsom and Orndoff, have been assigned to the fast freight runs on the first district. Conductor Riley, with Hoyt and Granger, and Conductor Hodges, with Mowrur and Leonard, have the same runs on the second district.

Hood's Sarsaparilla is peculiar to itself and superior to all other preparations in strength, economy, and medicinal merit.

During a heavy thunderstorm at Gonzales, Tex., a flock of wild geese were struck by lightning and seventy-eight of them were killed.

The Mother's Kiss.—The children are continually getting slight injuries for which the soothing charm of a mother's kiss is not quite equal for a complete cure. For all kinds of cuts, bruises, wounds, burns, insect bites or stings, nose bleed or any inflammation, Pond's Extract is unequaled. But refuse all substitutes for both the kiss and Pond's Extract.

There is said to be one woman in the finishing department of the watch factory at Waltham, able to do men's work for men's pay.

A Sensible Man.

Would use Kemp's Balsam for the throat and Lungs. It is curing more cases of coughs, colds, asthma, bronchitis, croup and all throat and lung troubles, than any other medicine. The proprietor has authorized my druggist to give you a sample bottle free to convince you of the merit of this great remedy. Large bottles 50c and $1.

There are several goat ranches in Texas.

Advice to Mothers.—Mrs. Winslow's Soothing Syrup should always be used when children are cutting teeth. It relieves the little sufferer at once; it produces natural, quiet sleep by relieving the child from pain, and the little cherub awakes as "bright as a button." It is very pleasant to take. It soothes the child, softens the gums, allays all pain, relieves wind, regulates the bowels and is the best known remedy for diarrhœa, whether arising from teething or other causes. Twenty-five cents a bottle. Jan-27-1y

Prevented by an Injunction.

SAULT STE. MARIE, Mich., April 4.—At midnight Judge Steere issued an injunction against Moiles Brothers and the captains of the vessels at Detour, restraining them from moving any part of the Moiles mill property to the Canadian side, which they were trying to do to defraud their creditors.

Our little girl when but three weeks old broke out with eczema. We tried a prescription from several noted doctors, but without any special benefit. We tried S. S. S., and by the time one bottle was gone, her head began to heal, and by the time she had taken six bottles she was completely cured. Now she has a full and heavy head of hair—a rehead healthy." W. H. Let your ears and mind be for my cause.
The Soap I come to speak about is the Great Santa Claus.
'Tis good for every purpose,
For which a soap is needed,
And joy will bring to every one
Who has wise counsel heeded
And spent a nickel, just to prove
What wonders it will do,
To lighten labor, save expense
And make things bright and new.

The above cut represents the HOWARD FURNACE which obtains by its construction, advantages over all others. It is the most scientific, Practical and Simple heater yet produced. It has the largest radiating surface, wherein the heat is circulated around and contained in the furnace instead of passing directly into the chimney. This furnace does not burn over one ton of coal a month in the coldest weather and in some instances less. This furnace will also heat by means of hot water, thereby reaching distant rooms where hot air cannot. It is low down and can be set in the lowest cellar and still allow hot air pipes to be taken from the top instead of the side of the casting as in all other furnaces.

FRONT HOUSE.

The World Ought to Know It.

This world ought to know what S. S. S. has done for me in the cure of a malignant cancer, which was so bad as to be considered incurable by the physicians in Chicago, where I went to be treated. The hospital surgeons gave me up, saying they could do nothing for me. One of my neighbors sent me a copy of an advertisement out from a paper in regard to Swift's Specific, and I began taking it. I got relief from the first few doses; the poison was gradually forced out of my system, and I was soon cured sound and well. It is now ten months since I quit taking S. S. S. and I have had no sign of return of the dreadful disease.
